

CUSTOMERS THAT TRUST US

Accessible. Reliable. Efficient.

SuperTRUMP Web is the cloud-based solution that makes modeling and pricing sophisticated leases and loans simple.

Access SuperTRUMP Web anytime, anywhere — whether in sales, credit, operations or finance, all quotes are saved to a single database for review and analysis.

Rely on automated upgrades to SuperTRUMP Web to utilize up-to-date accounting and tax rules.

Customize your version of SuperTRUMP Web to meet your business needs and integrate with your other software applications.

Eliminate Spreadsheets

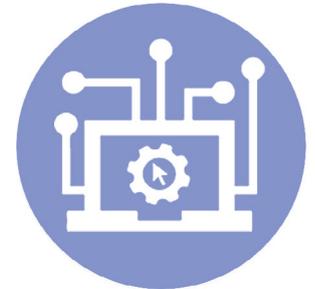

Home-grown pricing spreadsheets can be easily migrated into SuperTRUMP Web to give you the ability to price without the fear of errors inherent in using spreadsheets.

Quotes prepared using SuperTRUMP Web are saved to a common database, giving anyone in your organization access to data that is not easily available when using spreadsheets.

Lower IT Costs

Save your valuable IT resources by relying on Ivory Consulting to setup and manage your hosting infrastructure through Amazon Web Services.

As a cloud-based solution, you have the option to receive automatic upgrades, saving you on IT costs and ensuring you're always using the latest version.

Price a Full Range of Transactions

Generate accurate pricing for any transaction — a straightforward loan, a highly structured lease, or a renewable energy deal.

SuperTRUMP accounts for a full range of fees, subsidies and recurring items while automatically loading any cost of funds and expenses.
