

Customers That Trust Us

Customization Pays Dividends

Pricing is your competitive edge – don't compromise. Ask the experts at Ivory Consulting to create a custom version of SuperTRUMP for you by adding your unique pricing methodologies, risk assessments and reports.

Profit from powerful, accurate pricing analysis that leverages your proprietary yield calculations, unique reporting style and organization-specific user interface.

Deliver highly tailored financing solutions that drive an unmatched customer experience.

Streamline operational processes by integrating SuperTRUMP into your other software applications.

Create Unique User Interfaces

SuperTRUMP screens can be adapted to work with your business processes and the specific needs of your staff to facilitate data entry and provide accurate output.

Eliminate Spreadsheets

Home-grown pricing spreadsheet calculations and lookups can be easily migrated into SuperTRUMP, giving you the ability to model and price without the fear of errors inherent in using spreadsheets.

Leverage Your Database in SuperTRUMP

Import existing data from sources such as Excel and create custom lookup tables, such as loss given default, money cost or yield index tables.

Incorporate Proprietary Pricing Practices

Utilize the pricing practices – calculations, algorithms, yields and subsidiary programs – unique to your business to model the most profitable leases and loans while factoring in your risk levels and tolerance.
